

WDSC Newsletter May 2016

Dear Members,

We are into our 1st month of Fixtures & are still in our "Shakedown" period for our Junior teams.

Please be patient & understanding with your child's team & scoresheets at this point in time. Teams may have won or lost by large margins & it may appear that your team is in a disproportionate league. Each club, nominates their teams into leagues, that are based on the previous seasons standings. These are usually placed into leagues, with other teams of like standard. Both Football west & clubs, keep an eye on the results for the 1st 4 weeks, allowing teams to settle & to make any adjustments, as necessary. Both club & Football west are aware of results & are monitoring these.

Soccer Kit

We are awaiting another large delivery from our supplier, so for those that are awaiting apparel, we will advise both via managers & the website, once received. Could managers please liaise with Nat Harding, regarding any kit issues at this point in time, as we are "Blooding in" Chris McLoughlin (Dusty) & he should be "up to speed" in the near future.

Training sessions

For those coaches that are 1st at grounds for training. You should have access to the equipment shed. Please let Liam or Andrew know, whether you need a key to the shed. Could last coaches to leave, please lock the shed & make sure that nothing has been left outside. A Committee member, or long term member, will usually be down at the club, but better safe than sorry.

Change rooms are always open & clubhouse is opened late afternoon. Snacks & drinks are available once a committee member arrives & only upon request. Please utilize the clubhouse, more so in regards to the colder weather.

We do have Simon Reynolds (Massage for Health Sports & Remedial Therapy) providing his services to club members on Wednesday evenings, 5.45 – 7.00pm. Simon is a parent at the club & has kindly offered his services to club members. Please call in & say hello to him & see if you'd like to have him help you out.
